Circular Letter

Christian greetings from Merryland High Schools Entebbe, We thank GOD who has kept us well in this COVID-19 season.

Following the Presidential Address on Sunday 19th September 2020, a directive was issued to re-open schools but for only candidate classes on 15th October 2020. However as an institution we have developed a Learning Management System (LMS) to aid learning for the continuing classes as we wait for their Re-opening too.

We wish therefore to issue the following guidelines

1. We are going to issue user names and password for all our learners to access the system which shall be done through calling individual parents of the learners
2. We shall have a free trial period and testing of the LMS for the learners to get used to the system
3. The system shall help conduct online classes and testing of our learners to check for their progress
4. The LMS can be accessed through our Website: www.merrylandhighschools.com tap on the E-Learning link and Login
5. **Learners are reminded to come pick their property from the school starting from 09th, 11th, and 12th October 2020. You are further reminded to report with a your child only and MUST wear a mask always**

E-LEARNING SCHOOL CALENDAR
